Budget - total amount	
Budget - amount requested from EF	
Duration (months)	

Project Title	
---------------	--

		Non satisfying	Partially satisfying	Satisfying	Coefficient		Commentary
LETTER OF INTENT							
Geographic area	Geographical area(s) of implementation (or multicountry dimension, if relevant) are justified (i.e. urban area vs rural area)				1	Tick 1 box	
	The project geographic perimeter is clear and in line with known health issues				1	Tick 1 box	
Complementarity with programmes supported by the Global Fund	Complementarity with GF programmes in country is explained In country GF programmes are described : the coherence, relevance and complementarity between the project itself and the GF programmes in the country of implementation is justified and supported by argument.				3	Tick 1 box	
Objectives	Objectives are relevant, in line with the TOR and identified the needs				2	Tick 1 box	
Beneficiaries	Beneficiary selection is relevant according to their needs and consistent with the project's objectives				2	Tick 1 box	
Deployed strategy and methodology of intervention	Deployed strategy and methodology of intervention are relevant				3	Tick 1 box	
	HSS: an integrated approach across the pandemics is proposed (and not a vertical approach with an HSS component) . PV : The proposed strategy addresses the health access barriers for the well targetted beneficiaries.				3	Tick 1 box	
Capacity building	A clear capacity building approach for implementers and skill transfer for implementers from developed countries is part of the project				2	Tick 1 box	
Partnerships	The partnership approach already exists and the work plan is collectively designed and organised.				2	Tick 1 box	
Gender	The cross-cutting approach to gender of the project is reflected through the attribution of (a) specific objective(s). (Satisfactory: general and/or specific gender objectives have been set); Partially: No objectif but some cross-cutting interventions are clearly articulated. Non satisfactory: lack of a cross-cutting approach to gender).				1	Tick 1 box	
ANNEXES							
Budget	The budget is consistent with the project				1	Tick 1 box
